

NRPF Connect Data Report 2022/23

Scotland

What is the NRPF Connect data report 2022/23?

This data report collates and analyses the data recorded by councils in Scotland using NRPF Connect in the 2022/23 financial year. It provides a snapshot of referrals made and the support provided by social care services around the UK for people with no recourse to public funds (NRPF). The data is used to inform policy recommendations.

What is NRPF Connect?

NRPF Connect is the national database and case management tool for councils to record details of households with NRPF that are being provided with accommodation and/or financial support by social services, hosted by the NRPF Network.

What support is recorded on NRPF Connect?

Councils can provide accommodation and financial support to people who are excluded from claiming benefits and mainstream housing assistance when statutory duties are engaged under social care legislation. Local authorities across the UK record the social care services they provide to families, adults with care needs, and care leavers with no recourse to public funds (NRPF). You can read more about NRPF support on the [NRPF Network website](#).

- "Support costs" relate to accommodation and financial support (subsistence) costs only, and do not include staffing or other costs incurred by councils delivering support to NRPF households.
- Data was last downloaded from NRPF Connect on 05/12/2023
